

THE HERO
BEHIND
EVERY CLEAN

**Excellence in Private Label, Consumer
Confidence and Environmental
Commitment.**

To create responsible, trusted brands and proven products that are synonymous with exceptional value and performance.

EVERY CLEAN

OWN LABEL

We work with manufacturers
all over the **world** to bring our
clients the most **innovative**
products and **value**

SNG Commercial is a specialist supplier of both branded and own label chemical cleaning products to the professional & commercial markets. SNG Commercial has two main objectives in mind; bringing you the highest level of performance, in conjunction with the best cost in industry.

Products categories we supply for are:

- Laundry Detergents (liquids, capsules & powders)
- Fabric Conditioners (liquids)
- Stain Removers and Laundry Additives
- Household Cleaners
- Household Sprays
- Toilet cleaning and bleach products
- Dishwashing Products (liquids and tablets)
- Cosmetics (facial and body products)
- Health and Beauty products (shampoos, creams, conditioners, soaps and children's toiletries).

and Environmental commitment.'***

OUR BRANDS

Building brands our customers can **trust** for the highest quality **value**

Through our research and development we are able to provide a range of varied products from small compact sizes through to our big bulk versions, with variances in required quality to ensure we have a product solution for any type of customer.

We ensure:

- High quality product attributes
- Wide variety available, designed specifically for your USPs to increase brand loyalty and repeat purchase.
- Industry leading margin with our best in industry supply and production costs.
- Leading brand quality in all aspects from packaging, look, feel through to the results your product will provide.

We are serious about our commitment to sustainability and the image your products create so let us become your partner and help you to achieve the brand success your products deserve.

OUR RESPONSIBILITIES

Providing maximum **value** for money, whilst helping **protect** our beautiful planet from waste

We provide clear instructions on how to maximise the use of our products to ensure that the end user receives optimal value from the products whilst protecting our beautiful planet from waste.

- Clear dosing instructions with all our products.
- We use recyclable packaging.
- We employ sustainable sourcing for our products.
- We are committed to reducing our carbon footprint.
- We take the hassle out of legislation & pack design
- The majority of our lines are part of the A.I.S.E Initiative

The Charter is a lifecycle analysis (LCA) based framework. It promotes and facilitates a common industry approach to sustainability practice and reporting. A wide variety of activities and initiatives are covered, ranging from the human and environmental safety of chemicals and products, to eco-efficiency, occupational health and safety, resource use and consumer information.

‘Excellence in Private Label, Consumer Confidence and Environmental commitment.’

STANDARDS

Our Standards & Accreditations

Through the use of Manufacturing Partners we are able to ensure the use of Manufacturing facilities that conform to the highest standards with strong commitments to excellence in quality.

- ISO 9001 Certified production facilities.
- Eco label range of products
- Associate member of the A.I.S.E

'Excellence in Private Label, Consumer Confidence and Environmental commitment.'

Packaging

SNG has the ability to produce suitable and custom packaging dependant on our clients specific requirements.

Our plastic packaging options include careful consideration to size, weight and overall volume ensuring that we strive to maximise the overall output of a product and environmental affects are continuously reduced.

‘Excellence in Private Label, Consumer Confidence and Environmental commitment.’

Labs and Research

We employ both independent testing facilities and in-house facilities to test our products. These contracted labs and facilities provide custom formulations specific to every requirement and consumer proposal.

Including:

- Phosphate free products
- Concentrated and Ultra Concentrated formulations
- Hypoallergenic and Dermatologically tested products
- Fragrance Innovation
- Eco-label products
